

# THE 14TH VIENNA CONFERENCE ON INSTRUMENTATION

## 15 – 19 February 2016

### SCIENTIFIC TOPICS

#### New Detector Developments in

- › Particle physics
- › Astro-particle physics
- › Nuclear physics

Associated detector electronics  
and detector specific software

#### Applications in

- › Biology
- › Medicine
- › Neutron scattering
- › Synchrotron radiation

Abstract Submission Deadline  
**16 October 2015**
